**SAUL EWING STRENGTHENS CORPORATE PRACTICE WITH ADDITION  
OF PARTNER ADAM S. ZARREN**

*(Baltimore, MD, December 6, 2011)* — Saul Ewing LLP is pleased to announce the addition of recognized attorney Adam S. Zarren as a partner in the firm’s Business and Finance Department and Corporate Group.

Zarren advises individuals and growing small and middle market businesses, as well as large international firms, on general corporate, mergers and acquisitions, corporate governance, intellectual property, government contracts, contractual matters, real estate, and other business and personal related matters. He is adept at handling issues for start-up, early-stage, and other small and growth businesses in addition to transactions and other projects for middle market and large cap companies locally, regionally, nationally and internationally. Over the past several years, Adam has handled transactions that collectively comprised of several billion dollars. In addition, Adam’s entrepreneurial approach to solving his clients’ problems is a true value-add as he regularly serves as a liaison between his clients and his colleagues with respect to practice areas that Adam does not handle himself including trusts and estates/estate planning, litigation, and regulatory matters, among others, while also making strategic introductions to other advisors to assist his clients with all of their professional needs.

Zarren was recently named a Baltimore “Legal Elite” by *SmartCEO* Magazine for 2011, a “Rising Star” of several prestigious local and national publications and is consistently recognized as one of the top young lawyers in his field.

“Adam’s experience significantly enhances our corporate practice, both in the Baltimore market and across the firm,” said Barry F. Levin, chair of the Business and Finance Department. “He has an active practice in which he handles cutting edge transactions in a number of growing industries.”

Over the past nine years, Zarren has acted as general counsel to many of his clients and has a proven track record guiding them as they grow at rapid paces, such as a U.S.-based international software company that has grown from a \$15 million company to a full-fledged international market-leader that now generates more than \$200 million annually in revenues with offices in over 20 countries around the globe.

Zarren received his J.D. from the University of Baltimore School of Law and his B.S. from Towson University. He also holds an M.B.A. from the University of Baltimore, Merrick School of Business.
